American Range Heavy Duty Restaurant Equipment is designed for continuous rugged use and performance. Incorporating all the latest technology, American Range commercial cooking equipment is constructed for durability, dependability and gives you the best value for your money.

The American Range Radiant Broiler Range produces great tasting product. The broiler provides very intense dry heat to cook or finish the surface of meats or other entrees and infrared heat provides faster heating. The radiant broiler range is an excellent way to enhance any menu by providing even cooking and distinctive flavor to your food. All the heat goes directly to the food which is great for meats, chicken, and fish. Look to American Range for innovation, reliable performance
